

A perfect fit: accessories to make jobs even easier.

At Kärcher, we are particularly concerned not just with developing the best possible machines for you, but also making the perfect accessories available to you. Comprehensive cleaning solutions that only Kärcher can provide.

1 Easy Press gun and stainless steel spray lance

Reduces effort: the ergonomic high-pressure gun with reduced holding and operator effort. An additional soft grip coating around the handle ensures a pleasantly soft feel and maximum comfort. The flexible stainless steel spray lance can easily be fully rotated, even under pressure. In this way, even hard-to-clean areas, such as the wheel cases of a vehicle, can be easily reached.

2 Surface cleaner (optional)

With the optional surface cleaner, you can achieve a performance up to ten times greater than that of a conventional high-pressure jet. Optimal for cleaning surfaces in both indoor and outdoor areas. The unique FRV 30 with water extraction can be used with HD 6/13 models.

3 Foam lance (optional)

A handy foam system with adjustable spray angle and a 1-litre cleaning agent container directly on the lance – for quick and even application. Infinitely adjustable dosing via a control knob.

4 Push-on wash brush (optional)

For gently and thoroughly removing fine dust and grey film on all surfaces. In just one move, the brush can be directly attached to the machine's triple nozzle.

5 Quick coupling (optional)

Many accessories can be mounted using a quick coupling: quick, easy and still rigid.

Technical Information.

HD 5/12 C Plus HD 5/12 CX Plus

- Automatic pressure relief
- Vertical and horizontal operation possible
- Easy Press hand spray gun with rotating spray lance

HD 6/13 C Plus HD 6/13 CX Plus

- Automatic pressure relief
- Vertical and horizontal operation possible
- Easy Press hand spray gun with rotating spray lance

makes a difference

Professional

More convenient than ever before:
whichever way you look at it.
The new HD Compact models

More convenient than ever before: whichever way you look at it.

The new HD 5/12 and 6/13 C models from Kärcher feature a host of benefits to make cleaning jobs that little bit quicker and easier. Typical Kärcher design features add convenience without compromising performance: like the on-board storage for nozzles, power cable, hose and lance; the new carry handle that makes the machines truly portable; and of course the **unique lie-flat or stand up operating position**.

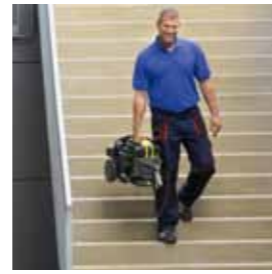

Lie flat or stand up operation

- Choose the best position for each job
- Lie flat position reduces risk of tipping
- Wheels are off the ground in lie-flat position

Built to last

- Proven components and high build quality
- Soft-start protects components on start-up
- Large water filter to protect the pump

Easy to transport

- Large carry handle and sculpted sides make carrying easy
- Large wheels and high, retractable handle make wheeling easy

Everything to hand

- Built-in storage to hold nozzles and gun securely
- Detergent hose on front of machine

Large range of compatible accessories

- Short gun and long lance enable fitting of many accessories
- Compatible with quick release system for fast accessory change

Total convenience and ease of use

- High quality trigger gun with soft start
- Hose reel (CX) or hose wrap to keep hose safe and reduce trip hazards
