SQ1 CHOCOLATE FOUNTAIN

Our standard SQ1 chocolate fountains make stylish centrepieces for any dessert table. Our polished stainless steel design has a sleek, modern appearance that is sure to draw your client's eye and give you something to arrange a wide variety of dips around.

This chocolate fountain encompasses a top hat and two lower tiers. Working with between 1.5 and 3 Kg of chocolate, our SQ1 chocolate fountain is ideal for events of up to 40 people. The item adds to the overall look of those events, and also serves as a social experience for guests who gather around the chocolate fountain and discuss the food on offer.

When the food has been exhausted and the guests are on their way home, our chocolate fountains are easily disassembled for cleaning and transportation. All in all, our chocolate fountains are a quick and easy way of adding a touch of elegance to your event.
