

SHARP

Microwaves Commercial Range Brochure

POWERFUL. VERSATILE.
RELIABLE. WHATEVER
YOUR CATERING NEEDS
SHARP HAS THE PERFECT
MICROWAVE SOLUTION.

Sharp have been improving microwave cooking since 1961
/This is Why we have sold more than 100 million microwaves.

Sharp is renowned for its heritage in microwave ovens and has been improving this technology for over 50 years /This is Why our professional range continues to set the standard in the catering industry.

From coffee shop or pub, to fine dining or event catering, quality, consistency and flexibility are vital. Sharp's extensive history in the manufacture of world class ovens has resulted in a comprehensive range of professional microwaves that cater for all these requirements and more.

As a market leader Sharp utilise innovative Japanese technology and build to ensure that whether for light or heavy duty our products are robust, reliable and easy to use.

Packed with convenient functions

Built to conform to the highest quality assurance standards, our heavy-duty ovens are equipped with twin stirrer fans to ensure even heating and perfect, consistent results every time. Variable controls give maximum cooking flexibility while our touch control models are equipped with a handy counter check feature – so that at the end of the working day it is easy to identify the most popular dishes.

With up to 11 power levels the Sharp commercial range offers essential cooking control. Expect consistent, quality results every time.

Memory Programming & Express Defrost

On all Sharp touch control models, simply pre programme the most popular menus to be ready at the touch of a button. The new Sharp R1900M dual control model is designed with incredible flexibility in mind. Capable of programming up to 100 menus it will manage as many or as few menu options as required.

REGARDLESS OF SIZE OR COST, SHARP MICROWAVES ARE BUILT TO SURVIVE THE RIGOURS OF A COMMERCIAL ENVIRONMENT.

These models also incorporate Express Defrost technology, which automatically speeds up the defrosting process. This time and energy saving feature is perfect for a busy kitchen, working to ensure a fast and efficient service which removes the pressure from a busy kitchen team.

Durability and convenience

Stylishly designed and built to last all our models are manufactured with high grade, rust resistant stainless steel, critical for surviving the wear and tear of everyday use, but still so simple to clean. All models can also be conveniently stacked two high, leaving crucial space for other food preparation applications.

Sharp is constantly striving to develop user-friendly product features that will help your business /This is Why our R21ATP microwave oven offers up to 20 programmable cooking settings and 11 different power levels.

R21ATP Medium Duty Oven

The 28 litre capacity R21ATP is suitable for many applications. Durable and easy to clean, the R21ATP is understated yet stylish. The easy to operate touch control panel is perfect for environments such as cafes, coffee shops, sandwich bars, convenience stores and petrol forecourts.

Take full advantage of the impressive programmable memory settings – perfect for heating pies, hot desserts, sauces, jacket potatoes or even just reheating plated meals. With 11 power levels, express defrosting technology and 3-stage cooking the R21ATP is ideal for any situation.

THE R21ATP IS IDEAL FOR SMALLER BUSINESSES SUCH AS SANDWICH BARS AND CONVENIENCE STORES
